Violation: None Noted

General Comments:

Today's lunch menu consisted of tamales and chicken and fries. Both food items measured at 135F in the transporting hot holding unit. Currently the facility has moved its operations to a small area that is equipped with a three compartment sink that is indirectly drained, hand wash sink, and grill that has a hood. Currently, all the food is prepared at Lemoore High School and transported on a daily basis. No cold holding units are available onsite. Food temperature logs are being adequately maintained.

General Comments:

Today's lunch menu consisted of tamales. The tamales in the transport warmer measured at 150F. The hand wash station in the serving area was equipped with hot water, soap, and paper towels. The reach-in commercial refrigeration unit was observed unplugged during the inspection and the commercial hot holding unit was not in use. According to the gal serving the bagged lunches, milk cartons and food items are brought from Lemoore High School and distributed to the students. Any items that are leftover are taken back to Lemoore High School after the lunch period. Food temperatures are taken when the food arrives as the temperature log was shown during the inspection. Students were observed eating outside during the inspection.
