The items (if any) listed below identify the violation(s) that must be corrected. Thank you for your cooperation. One reinspection will be conducted (if needed) at no charge. A service fee is assessed for each additional reinspection required.

Violation: IMPROPER MAINTENANCE OF FACILITY OR EQUIPMENT [HSC 114161-114182 & 114257]
Description/Corrective Action: The facility is in need to replacing the broken tiles in the kitchen. This is creating an accumulation of grease and making it hard to clean the floor as needed.

Violation: FOODS & EQUIPMENT NOT PROTECTED FROM CONTAMINATION [HSC 113980, 114025-114027]
Description/Corrective Action: Observed fish containers at the bottom of the shelf and above the containers that contain raw meat. Please keep all fish and veggies above raw meats and poultry to avoid accidental cross contamination.

General Comments:

The hot holding foods (rice, beans and meats) were observed over 140F.

The cold holding units were at 41F and lower and all foods were covered in all the units, including the walk-in to avoid cross contamination. Thank you

The sanitizer was observed at 100ppm of Cl solution.

The facility was observed with a tremendous amount of effort in keeping food safety on top and overall food operation to a satisfactory level compared to the past. Thank you for the good work. Please continue the scheduled cleaning and maintaining.

If the facility continues to change the flooring and other major work inside the kitchen or the meat market, please inform our department and submit plan checks if needed.

All employees have the certified food handler cards and manager certifications.

The bar area was observed well maintained, with sanitizer, hot water and cleanliness.
