The store manager, Angel Antuna, was made aware of the requirement and was asked to complete this step before the close of business today, September 7, 2022 to avoid closure. Several attempts to reach an operator were made by phone with no response. The manager provided a working phone number during the inspection.

General Comments:

Today was the final pre-opening inspection for Dollar General. The following observations were made:

* Restroom facilities were observed with permanent paper towel dispensers and hand soap pumps. Hot water was also present at the sinks. Please correct the following before opening date: finish the coved tile along the wall of the east bathroom. The hot water and cold water faucets were reversed in the east bathroom and mop sink and this will need to be corrected.

* The trash enclosure was in the final stages of construction. The facility has outdoor plumbing fixtures near the trash enclosure to keep this area clean.

* Back storage area is minimal but it was observed finished and clean.

* All refrigeration units were inspected on 6/29/2022 to approve stocking of food product.

Please pay the food vending permit fee prior to opening. Once this is completed, the facility is approved to open to the public. Contact our office at 559-584-1411 if you have any questions.

Thank you!
