Overall Inspection Comment:

Observations from today's routine inspection:

This facility consists of a small section of a warehouse for dry food storage and two large freezers.

Both freezers observed with external thermometers reading freezing temperatures. All food is observed stored at least 6 inches off the ground. Freezers are protected from public access / potential adulteration by padlocks.

No evidence of pests was observed today. All food items were stored in air-tight packaging.

Thank you.
