Overall Inspection Comment:

A routine inspection was conducted today for Me-N-Eds on 10th Ave in Hanford, CA. The following observations were made:

The kitchen hand wash sink dispensed water above 100F. The sink was stocked with paper towels and soap. The sink was easily accessible by staff.

The 3-compartment sink was capable of dispensing water above 120F. This facility uses Quaternary ammonia for sanitization. This facility has an issue with the sanitizer dispenser, their supplier is coming to address the issue. In the meantime they are following the suppliers instructions to ensure proper sanitization. Quaternary ammonia test strips are available.

All cold holding units were temperatured below 41F. All food was stored 6 inches off of the ground.

All soda nozzles are clean. All air gaps are sufficient, and all floor drains are functional.

Food Managers certificate was reviewed and valid through 2028.

Restroom nearest the door and on the same wall as the mural did not have sinks capable of dispensing water above 100F. Please service these restrooms.

Walk-in refrigerator has a leak, please service this to prevent possible food contamination
