INSPECTION REPORT

FOOD VENDING PERMIT - RM4 (5001-10000)

Overall Inspection Comment:

All hot and cold foods were measured and were either 41F and below for cold holding and over 135F for all hot foods.

The hand washing station was at 95F, be sure to have it set at 100F. The faucet is a little loose for the hand washing station in the front, be sure to tighten it and seal it.

The sanitizer stripes were available to use at the 3 compartment sink.

Foods are warmed up in the warm and then kept warm.

All foods were observed above floor.

A little organizing at the back and inside the dry storage is required, but over all the store is in good condition for food prep and sales.

Thank you
