The items (if any) listed below identify the violation(s) that must be corrected. Thank you for your cooperation. One reinspection will be conducted (if needed) at no charge. A service fee is assessed for each additional reinspection required.

Violation: FOODS & EQUIPMENT NOT PROTECTED FROM CONTAMINATION  
[HSC 113980, 114025-114027]
Description/Corrective Action: Several prepackaged food items were observed being stored directly on the floor of the facility. Please ensure all food items are maintained at least six inches off the ground.

Violation: IMPROPER MAINTENANCE OF FACILITY OR EQUIPMENT  
[HSC 114161-114182 & 114257]
Description/Corrective Action: The facility's three compartment sink was observed leaking from the nozzle and the hand wash sink was observed leaking from the bottom of the sink. All leaks must be repaired.

Violation: OTHER PERMIT VIOLATION
Description/Corrective Action: Per Section 114063(a) of the California Retail Food Code: "Raw, nonprepackaged food of animal origin, such as beef, lamb, pork, poultry, and eviscerated fish, shall not be offered for consumer self-service.

During the inspection, salmon heads and eviscerated tuna were observed being stored in ice chests over ice for customer self-service. As mentioned in the California Retail Food Code, eviscerated fish cannot be sold for self-service. In order for the facility to sell eviscerated fish, the eviscerated fish would have to come in a hermetically sealed bag from the manufacturer or the facility would have to dispense the eviscerated fish to the customer.

During the inspection, all of the eviscerated fish were removed from the self-service area.

Violation: IMPROPER MAINTENANCE OF FACILITY OR EQUIPMENT  
[HSC 114161-114182 & 114257]
Description/Corrective Action: The facility's back storage area needs to be organized where it allows one to walk in between isles. It seems as though too much product is purchased and the facility does not have the capacity to store all of the product that is purchased. Please consider purchasing less so that there is amply room to store merchandise.

Violation: IMPROPER THAWING OF FROZEN FOODS  
[HSC 114020]
Description/Corrective Action: Shrimp was observed being thawed in stagnant water at the three compartment sink. During the inspection, the person in charge was instructed to place cool running water over the shrimp in order to properly thaw. The facility may also elect to thaw in the refrigerator.
