**Caterer Inspection**

* Mr. Young uses the Veterans Hall commercial kitchen as a permitted commissary to prepare meal orders for his clients.
* Today he is preparing pork ribs to be delivered to his client (single family) once done.
* The ribs were brought inside a clean plastic tub with ice. The temperature of the ribs was 34°F.
* The ribs prepared and seasoned for the customer, repackaged in the cleaned and sanitized plastic tub, then delivered to the customer's home for them to cook at home.
* Caterer wore gloves and face mask during food prep.
* The kitchen was observed clean and well maintained.
* The hand washing station had hand soap, paper towels, and hot water.
* Refrigerators were accessible, but only one was holding temperature below 41°F. The other unit was noted at 61°F.
* Restroom facilities were clean and had fully stocked hand washing stations.
* Due to the ongoing pandemic, we advise that you limit food preparation to individual families and avoid booking events where guests cannot safely distance (6 feet) from each other while wearing face masks.

The items (if any) listed below identify the violation(s) that must be corrected. Thank you for your cooperation.
One reinspection will be conducted (if needed) at no charge. A service fee is assessed for each additional reinspection required.

Violation: None Noted

**General Comments:**

Our Department was made aware on December 10, 2013 that the operator is currently not operating his catering business. West Hills, which served as this business's commissary, will no longer be serving as a commissary for other businesses. As a result, please locate another commissary and fill out the applicable paperwork. Please notify our Department when the business resumes operation.

Thank you!

Violation: None Noted

General Comments:
Operator uses West Hills Culinary School’s kitchen as his commissary for his catering business. Today's inspection of the inspection revealed the hand wash station was stocked with soap, paper towels, and hot water. Cold holding units measured at or below 41F.
Operator was equipped with a digital thermometer.
